Purposes and limitations of the Manual

This manual was updated in the summer of 2024 at the direction of the South Dakota Association of County Highway Superintendents as a resource for county highway superintendents. This Manual is not all encompassing but is instead presented as a general outline of state statutes governing the operation of county highway departments. This manual does not include every statute and court opinion related to county highways and does not constitute legal advice. Further, laws, and the courts' interpretation of such laws, often change. If you are confronted with a particular issue, contact your state's attorney to research how the latest law applies to such issue.

Liability of the County and the County Board

The question of the liability of a county and its governing body acting as an agent of the state has been the subject of extensive litigation, and the South Dakota Supreme Court has laid down rules which give some degree of clarity to the subject. The county board is not liable for damages in the performance of governmental functions caused by neglect to perform such duties consisting of acts of omission only, unless such cause of action is expressly given by statute (*Plumbing Supply Co. v. Board of Education* 32 SD 270, 142 NW 1131 (1913)).

In another case the court reaffirmed this general rule when it states that no action lies against a county to recover for negligence of its officers, agents or employees in absence of a statute imposing such liability (*Arms v. K*] *County*, 69 SD 164, 7 NW 2d 722 (1943)).

Counties are quasi-corporations created for governmental purposes and as such are a part of the state. They are liable for damages only expressly given by statute and are immune from any liability or action under the common law. (AGR 1953-54, pp. 288-289)

Establishment of a Liability Insurance Pool and Insurance

The 1986 state legislature established a public entity pool for liability insurance for counties and all other governmental entities. Statutes involved are in SDCL 3-22-1 and 2 (partial). Sovereign immunity and insurance can be found in SDCL 7-18-8 and 21-32A.1.

3-22-1. Public entity pool for liability established--Coverage provided--Effect on certain claims and defenses. There is hereby established the South Dakota public entity pool for liability effective March 1, 1987. PEPL shall provide defense and liability coverage for any state entity or employee as provided for within the coverage document issued by PEPL. Nothing in this chapter may be construed to require payment of a particular claim or class of claims, to create any cause of action, nor to waive or limit any immunity or legal defense otherwise available to any covered claim. Punitive damages may not be recovered pursuant to this chapter. No claim for indemnity or contribution by the United States, arising directly or indirectly from the acts or omissions of the South Dakota National Guard, its agents, officers, members, or employees, which is cognizable under the Federal Tort Claims Act may be prosecuted under this chapter.
